VOL. 10.

FRANKFORT, KENTUCKY, MAY 23, 1861.

NO. 163.

THE TRI-WEEKLY COMMONWEALTH
Will be published every Monday, Wednesday and Friday, by
A. G. HODGES & COMPANY,
At FOUR DOLLARS PER ANNUM, payable in advance.

THE WEEKLY COMMONWEALTH, a large mammoth sheet, is published every Tuesday morning at TWO DOLLARS PER ANNUM, in advance.
Our terms for advertising, either in the Tri-Weekly or Weekly Commonwealth, will be as liberal as in any of the newspapers published in the West.

The Frankfort Commonwealth.
A. G. HODGES & CO., PROPRIETORS.
J. H. JOHNSON, Editor.

The Proprietors of the Commonwealth, grateful for the generous patronage which has been bestowed upon them, are determined to furnish their patrons a journal which shall be unexcelled in any of the departments which comprise a first class newspaper.

Published at the Capital of the State, it will be enabled to furnish its readers with the latest intelligence of the actions of the higher courts and of the various departments of the State. It will also contain the latest telegraphic news of stirring events, and also of the New York, Cincinnati, Louisville and New Orleans markets.

In politics the Commonwealth will be conservative, occupying a middle and antagonistic ground in reference to the two extremes. The old parties broken up, and old issues virtually dead, the vital question at present is Union or disunion. The Commonwealth is for the Union, believing it to be the greatest safeguard for our rights, as well as our most effective auxiliary in our efforts to obtain redress for our wrongs. Its conductors do not regard disunion as a remedy for any of the wrongs of the South, but rather an aggravation. It will contend for the equality of the States in the Union, and for the absolute non-interference by Congress with the domestic affairs of the States and Territories.

We shall aim to make the Commonwealth an acceptable and appropriate companion. It will contain selections from the choicest literature of the day, prose, poetry, &c.

The Weekly will be printed on extra double medium paper, in new and beautiful type.

Terms, in advance, for the Tri-Weekly, \$4 per annum.
Terms, for the Weekly \$2 per annum.

NOW READY.

A Practical Treatise for the use of Justices of the Peace, Constables, Sheriffs, Jailors, and Coroners in Kentucky.

By RICHARD H. STANTON, MAYSVILLE, KY.

THIS NEW WORK, WHICH HAS been prepared with unusual diligence and care by the author, is intended to be a complete and perfect guide to Justices of the Peace, and the other officers named above, in the discharge of their respective duties under the laws of the state. Its arrangement is such, that while it presents to the officer a full view of the law which he may be called upon to enforce, whether civil or criminal, it affords him such complete and accurate instructions as to the practical manner of discharging his duties, in each particular case, that it will be almost impossible for the least informed among them to go astray.

Every necessary form which a Justice of the Peace, or other officer may require in the course of his official duties, will be found in its appropriate place in the work; and the instructions are so full, perspicuous and clear, that it will be found an invaluable official companion to those for whom the treatise is intended, and a highly useful work to the legal profession, and all others having business with those officers. The author has spared no labor to make it just such a work as is now most needed by the class of officers whose duties are so fully and clearly explained, and his well known accuracy and success will commend it to the hearty patronage of all persons in Kentucky concerned in the administration of the law.

The work contains six hundred and fifty octavo pages, is printed on fine paper, and with large, clear type, and bound in the very best style. Price, \$4 00. S. C. BULL, Frankfort, Ky.

Flag Presentation in Pendleton County.

Falmouth, Ky., May 18, 1861.

The Falmouth Union Home Guards met to-day for the election of officers, having previously met and adopted a constitution, embodying the sentiment that we owe paramount allegiance to the Constitution of the United States, and the supreme laws of the land made in accordance therewith, and also duties to the State of Kentucky; and pledging ourselves to the mutual protection of ourselves, our country, and property, and the supremacy of the laws; also requiring each member to take the oath prescribed by the Constitution of the United States and that of Kentucky as a member of the Federal Union as a test of membership in the company.

About one hundred members having enrolled their names, and taken the oath of allegiance, and having listened to patriotic and eloquent speeches by S. T. Hanser, Esq., and Hon. S. F. Swope, on motion, the company proceeded to the election of officers, with the following result:

Captain, W. A. Warner; First Lieutenant, W. R. Fisk; Second Lieutenant, B. F. Robbins; Third Lieutenant, John Delaney.

The company being informed that the ladies of Falmouth were awaiting its pleasure to present it with a stand of colors, the company was formed in the court house yard, supported by Capt. Muller's company of State Guards, the Pendleton Grays, when it was presented with an elegant and handsome United States flag as ever floated over a company.

Miss Nora Robbins presented the colors in behalf of the ladies, in a feeling and eloquent style, as follows:

"GENTLEMEN OF THE UNION HOME GUARDS—In behalf of the ladies of Falmouth, I present to you this elegant and beautiful flag.

"It has always been emblematic of our national greatness. Its stars are typical of

the thirty-four States that once formed our great, free and prosperous Union. Little did we anticipate six months ago that our political sky would now be overcast with the dark clouds of disunion and of civil war, and that this time-honored insignia of our national freedom and greatness would be trampled in the dust, and insulted in any portion of our free and happy country. Little did we anticipate that an insane effort would be made by any part of our beloved country to substitute another flag with but seven stars, as a badge of revolution, treating the stars and stripes as the banner of a foreign government. But such is the sad reality which we are called upon to witness, and the reflection would not be so gloomy did we not witness in our beloved and chivalrous State, which has always been loyal to the Union, a concerted design on the part of many, to trail the flag of the Union in the dust, and to rear in its place the flag of a Southern Confederacy. It is this unfortunate tendency which has led to your present organization.

You feel it to be your duty, in this hour of peril and threatened ruin, to take a bold stand for your common country, and for the welfare of your beloved Kentucky. May you never falter until all enemies are subdued from whatever quarter they may come! And in the midst of your greatest trials and difficulties, ever bear with you the recollection that the hearts of the ladies of Falmouth are with you. Their hearts fondly cling to the Union—the whole Union. They, therefore, expect every Union man to do his duty. They never expect to hear of this flag being sullied by a traitor's hands, but they look for it long to display its folds to the gentle breeze—over freedom's soil—inspiring from the depths of every patriot's heart the sentiment

"May our Star Spangled Banner forever wave O'er the land of the free and the home of the brave."

Col. John E. Records received the colors in behalf of the company, as follows:

"Miss Kommiss—I have been selected by the Union Home Guards to receive from your hands, in behalf of the ladies of Falmouth, this elegant, beautiful and magnificent flag. It is impossible for me to find words adequate to express my feelings, or the feelings of those for whom I act. You must look more to our actions than to our words for a full expression of the emotions of our hearts. Well have you said that a few short months ago we could not have anticipated that to-day our beloved and once free and prosperous country, would now be darkened and prostrated by the clouds and hideous tempest of disunion and civil war; little did we anticipate that this noble flag, which has floated in triumph over so many battlefields, and which has ever commanded the respect and admiration of the civilized world, would now be trailed in the dust, and insulted by a portion of that country which owes its present greatness and influence to the very flag it now wantonly insults. Well may you, in common with us, feel a profound interest in this subject. In no country in the world are your rights more fully recognized and protected, than in the United States—by the legislative, judicial, and every social department. This has been the result of the high privileges, and the pure liberty we have enjoyed, and their results a high degree of civility and civilized refinement.

"You are, therefore, deeply interested as well as we, in whatever tends to destroy this liberty and this civilization, and to give us a retrograde step into barbarism. We fully reciprocate your feelings of attachment to the Union, and we will heed your admonitions to do our duty, (though it is now in fearful danger,) yet we will not yield it up until the last plank of hope is wrested from us—Wherever we are, and by whatever circumstances surrounded; whether in the calm sunshine of liberty, peace, and prosperity, or amid the din and clangor of arms, we will ever look back to this scene, and to this banner, and recollecting the source whence it emanated, and there will gush up from the depths of our every heart one deep fountain of sentiment and patriotism which can have vent only through the beautiful language of the poet—

"Flag of the free, hearts only home! By angel hands to valor given; Thy stars have lit this western home, And all thy hues were born in heaven. Forever thou that standard shalt be, Where freedom's flag has first been seen, With freedom's banner waving o'er us."

The exercises were concluded by the ladies singing in good style the star spangled banner, when the two companies formed in line, and marched through the village.

On returning to the court-house a vote of thanks was unanimously tendered the ladies.

On motion, the Secretary was instructed to furnish the Cincinnati Enquirer and Frankfort Commonwealth copies of the proceedings, and request them to publish, and the other Union papers to copy them.

A. L. BURKE, Secretary.

The Cross—We are informed by those who are posted, that with a few more weeks of good seasonable weather, the crop of wheat will exceed anything ever heard of in this country for these many years. As far as we are able to judge, the prospects are the best we have seen for some time.

[Frankfort Express.]

We hear some complaint among farmers of rust and the fly in their wheat. No serious injury has, however, as yet been done, and we trust that the present mild and sunny weather will mature our luxuriant wheat crops without extended damage.

From every quarter we hear the most cheering prospects of an excellent wheat crop. Wheat is heavy, fine, promises an immense yield.

Our farmers are complaining of cut-worms and army-worms. In every locality they are doing a vast deal of mischief. Many heavy planters have had to plow up and replant their entire crops—[Bowling Green Gazette.]

THESE MEDICINES have now been before the public for a period of thirty years, and during that time have maintained a high character in almost every part of the globe, for their extraordinary and immediate power of restoring perfect health to persons suffering under nearly every kind of disease to which the human frame is liable.

The following are among the distressing varieties of human diseases in which the VERIFIABLE LIFE MEDICINES are well known to be infallible.

Dyspepsia, by thoroughly cleansing the first and second stomachs, and creating a flow of pure, healthy bile, instead of the stale and acrid kind; Flatulency, loss of appetite, Heart-Burn, Headache, Restlessness, Irritability, Anxiety, Langor, and Melancholy, which are the general symptoms of Dyspepsia, will vanish, as a natural consequence of its cure.

Coughs, by cleansing the whole length of the intestines with a solvent process, and without violence; all violent purges leave the bowels as free as a bird's nest.

Fevers of all kinds, by restoring the blood to regular circulation, through the process of respiration in such cases, and the thorough solution of all intestinal obstructions in others.

The Life Medicines have been known to cure Rheumatism permanently in three weeks, and Gout in half that time, by removing local inflammation from the muscles and ligaments of the joints.

Dropsy of all kinds, by freeing and strengthening the kidneys and bladder; they operate most delightfully on these important organs, and have ever been found a certain remedy for the worst cases of Gravel.

Also Burns, by dissolving from the turnings of the bowels the slimy matter to which these creatures adhere, and by restoring the blood to the system.

Scorbutic Eruptions, and Bad Complexions, by their alterative effect upon the fluids that feed the skin, and the morbid state of which occasions all such eruptions, scabs, sores, cloudiness, and other disagreeable complexions.

The use of these Pills for a very short time will effect an entire cure of Salt Rheum, and a striking improvement in the clearness of the skin. Common Rashes and Eruptions will always be cured by one, two, or by two in the worst cases.

Piles—The original proprietor of these Medicines was cured of Piles, of 35 years standing, by the use of the Life Medicines alone.

FEVER AND AGUE—For this scourge of the Western country, these medicines will be found a safe, speedy, and certain remedy. When these medicines leave the system subject to a return of the disease; a cure by these Medicines is permanent—try them, be satisfied, and be cured.

Bilious Fevers and Liver Complaints—General Debility, Loss of Appetite, and Diseases of Females have been cured by the use of these medicines. The most beneficial results in cases of this description—King's Evil, and Scrofula, in its worst forms, yields to the mill yet powerful action of these Medicines. Night Sweats, Nervous Debility, Nervous Complaints of all kinds, Palpitation of the Heart, Pains of the Stomach, &c., are speedily cured.

Mental Diseases—Persons whose constitutions have become impaired by the injudicious use of mercury, will find these Medicines a perfect cure, as they never fail to eradicate from the system all the effects of Mercury, infinitely sooner than the most powerful preparations of Sarsaparilla.

Ayer's Sarsaparilla

A compound remedy, designed to be the most effective Alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective antidote for the diseases Sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Stomach complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaints:—

SCROFULA AND SCROFULOUS COMPLAINTS, Eruptions and Eruptive Diseases, ULCERS, PIMPLES, BLOTCHES, TUMORS, SALT RHEUM, SCALD HEAD, SYPHILIS AND SYPHILITIC AFFECTIONS, MERCURIAL DISEASE, DROPSY, NUTRITION ON THE BOWELS, DYSPEPSIA, PLEURISY AND INDURATION, ERYSIPELAS, ROSE OF ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the blood at that season of the year. By the timely expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves the endurance of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overturned.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla, or any thing else.

During late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been frauds upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy as shall restore to the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on the bottle.

SOMETHING NEW!

Daguerreotypes, Ambrotypes, Photographs, and Ivorytypes.

H. L. GOODWIN,

MAKES pleasure in informing the public that he has returned to Frankfort, and taken the Gallery of C. A. Clarke, adjoining the Telegraph Office, and that he would be pleased to wait on those wishing perfect likenesses of themselves or friends. He is confident he will be able to please the most fastidious in any kind of picture they may desire, from a life-size portrait to the smallest Daguerreotype or Ambrotype. Also, Daguerreotypes of deceased persons enlarged to the size of Life and Colored in Oil, and satisfaction given.

I am also prepared to make these same of Photography, the Daguerreotype, which is truly the most durable small picture yet produced.

The Ivorytype, (made only at this Gallery,) is acknowledged by all to be the most beautiful style of Photographic picture ever presented to the public. In brilliancy of tone and color, delicacy of finish, correctness of likeness, and durability, it is far superior to the best miniature on Ivory.

Bellingham's celebrated Stimulating Ointment for the Whiskers and Hair.

The subscribers take pleasure in announcing to the citizens of the United States, that they have obtained the Agency for, and are now enabled to offer to the American public, the above justly celebrated, and much-renewed article.

THE STIMULATING OINTMENT

is prepared by Dr. C. P. Bellingham, an eminent physician of London, and warranted to bring out a thick set of

WHISKERS OR A MUSTACHE

in from three to six weeks. This article is the only one of the kind used by the French, and in London and Paris it is in universal use.

It is a beautiful, economical, soothing, yet stimulating compound, acting as it by magic upon the roots, causing a beautiful growth of luxuriant hair. If applied to the scalp, it will cure baldness and cause to spring up in place of the bald spots a fine growth of new hair. Applied according to directions, it will turn or tory hair dark, and restore gray hair to its original color, leaving it soft, smooth, and flexible. The "Ointment" is an indispensable article in every gentleman's toilet, and after one week's use they would not for any consideration be without it.

The subscribers are the only Agents for the article in the United States, to whom all orders must be addressed.

Price One Dollar a box—for sale by all Druggists and Dealers, or a box of the "Ointment" warranted to have the desired effect) will be sent to any who desire it, by mail (direct), securely packed, on receipt of price and postage, \$1.18.
